

Look & play your best on the golf course!

We want you prepared to be the best you can be on the golf course. Dressing for success will help get you there. Here's the how and why:

What type of shoes work best?

The golf course can be hilly, slippery or uneven ground. For your safety, supportive footwear that also minimizes turf damage is required. Soft spike golf shoes (no metal spikes) are recommended. Please leave your soccer shoes or baseball cleats at home. Running shoes are okay, but please, no flip flops, and avoid slip-on shoes that may cause unsure footing.

What shirt to wear?

A collared golf shirt is recommended, mock necks, turtle necks and sleeveless golf shirts are permitted. Style and taste are subjective, but please save your tank tops, mesh shirts and crop tops for the beach or the gym.

What bottoms are appropriate?

While golfing you can wear pants, leggings, shorts or skorts. As a guide, shorts and skorts should be around 1inch above knee. Please refrain from ripped jeans and track pants.

Hats, Sunscreen & Music?

Bring a hat and sunscreen to protect from the sun. Also, feel free to bring a personal speaker and listen to your favorite tunes while golfing, but please be respectful of other golfers and keep the volume down.

Our #1 goal is that everyone feels comfortable at Pheasant Run Golf Club. With that in mind we ask that you refrain from music, clothing or accessories that may be offensive to others. This includes nudity, profanity, sexual innuendo/suggestions, negative ethnic or racial commentary, hatred or violence in any form. You will be asked to change or remove these items.
